from **Emerson**
the oldest name in sound reproduction
NOW ONLY **390** PER WEEK
20 WATT EMERSON HIGH FIDELITY
with AM/FM tuner and Spectra-Sonic Monitor
A magnificent high fidelity instrument designed for true sound reproduction, meticulously crafted and handsomely styled for your looking and listening pleasure.
Four speakers include giant 15" woofer plus three acoustically matched 5" tweeters scientifically positioned for perfect tonal balance. Sensational new Spectra-Sonic Monitor provides visual representation of the bass and treble levels and of the volume control. AM/FM Tuner with automatic frequency control assures on-beam tuning and prevents drift. 50-watt high gain amplifier for faithful reproduction through the entire audible range. Usable frequency range from 60 through 20,000 cycles per second. Automatic four-speed record changer. 3 position speaker selector switch to handle external speaker arrangement. Available in the finest blond and genuine mahogany hardwood veneers.
